SUBJECT: Luong, John X 2125614

Per your request, this patient was seen by Dr Arikawa at the Main Jail to evaluate the need for refraction. The patient currently has glasses and his vision on Snellen is 20/20 and he is able to read the smallest print on the Jaeger Test. Please let me know how you would like me to proceed. New glasses at this point would be for cosmetic reasons only and not medical necessity.

No further action required
